

# DEMOCRACY IN PERIL

## AND WHAT YOU CAN DO ABOUT IT!

### An Interactive Talk With Common Cause Massachusetts Executive Director Pam Wilmot

**America is at a crossroads.** More than any other time in recent history, we are facing increasingly aggressive onslaughts to our democracy from:

- A president who disregards norms upon which we have long relied
- Party loyalists who purge voters & twist the truth to disenfranchise hundreds of thousands
- Weak voting & anti-corruption laws across the country, & more

Pam will discuss the democracy agenda at state and national levels including reforms like National Popular Vote, Automatic Voter Registration, Campaign Finance Reform, Redistricting, and HR1. Learn about the four major issue areas Common Cause Massachusetts addresses and how YOU CAN ACT:

- Ethics & Accountability
- Money & Influence
- Redistricting & Gerrymandering
- Voting & Elections

The event is free and open to the public.

Arrive early to ensure seating.
